

## TERMS AND CONDITIONS

You hereby agree that you will not distribute, display, or otherwise make this document available to an *individual or entity*, unless expressly permitted herein. This document is AWS Confidential Information (as defined in the [AWS Customer Agreement](#)), and you may not remove these terms and conditions from this document, nor take excerpts of this document, without Amazon's express written consent. You may not use this document for purposes competitive with Amazon. You may distribute this document, in its complete form, upon the commercially reasonable request by (1) an end user of your service, to the extent that your service functions on relevant AWS offerings provided that such distribution is accompanied by documentation that details the function of AWS offerings in your service, provided that you have entered into a confidentiality agreement with the end user that includes terms not less restrictive than those provided herein and have named Amazon as an intended beneficiary, or (2) a regulator, so long as you request confidential treatment of this document (each (1) and (2) is deemed a "Permitted Recipient"). You must keep comprehensive records of all Permitted Recipient requests, and make such records available to Amazon and its auditors, upon request.

You further (i) acknowledge and agree that you do not acquire any rights against Amazon's Service Auditors in connection with your receipt or use of this document, and (ii) release Amazon's Service Auditor from any and all claims or causes of action that you have now or in the future against Amazon's Service Auditor arising from this document. The foregoing sentence is meant for the benefit of Amazon's Service Auditors, who are entitled to enforce it. "Service Auditor" means the party that created this document for Amazon or assisted Amazon with creating this document.

Amazon Web Services  
410 Terry Avenue North  
Seattle, WA 98109-5210

To whom it may concern,

Amazon Web Services (AWS) publishes a System and Organization Controls 1 (SOC 1), Type 2 report, with the last report published covering the period of April 1, 2024 to March 31, 2025. The examination for this report was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA). The examination was also performed in accordance with International Standard on Assurance Engagements (ISAE) 3402, *Assurance Reports on Controls at a Service Organization*, issued by the International Auditing and Assurance Standards Board.

AWS continues to maintain the system and the control environment as described in the most recent SOC 1 report. Our control environment in relation to the controls defined has not materially changed since that last report, and our control environment continues to be operated and monitored as documented. We are not aware of any material deficiencies in the control objectives stated in that report as of August 1, 2025. We intend on continuing the operation of the controls and continue the publication of the SOC 1 report, or equivalent, every 3 months. Our next report, covering July 1, 2024 to June 30, 2025, will be released in August 2025.

AWS also publishes a System and Organization Controls 2 (SOC 2), Type 2 report, with the last report published covering the period of April 1, 2024 to March 31, 2025. The examination for this report was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA), based on the criteria set forth in the Description Criteria DC section 200 *2018 Description Criteria for a Description of a Service Organization's System in a SOC 2 Report* (Description Criteria) and the suitability of the design and operating effectiveness of controls described therein to meet the criteria for the Security, Availability, Confidentiality, and Privacy set forth in the AICPA's TSP section 100, *2017 Trust Services Criteria for Security, Availability, Processing Integrity, Confidentiality, and Privacy*.

AWS continues to maintain the system and the control environment as described in the most recent SOC 2 report. Our control environment in relation to the controls defined has not materially changed since the last reports, and our control environment continues to be operated and monitored as documented. We are not aware of any deficiencies in the criteria supporting the Security, Availability, Confidentiality, and Privacy stated in the report as of August 1, 2025. We intend on continuing the operation of the controls and the publication of the SOC 2 reports, or equivalent, every 6 months. Our next report, covering October 1, 2024 to September 30, 2025, will be released in November 2025.

Sincerely,

**Sara Duffer**  
**Vice President, AWS Security and Compliance Assurance**
